

Online business intelligence tool

# Atrium Insights

Your single login to Atradius Atrium also gives you direct access to our portfolio analysis tool, Atrium Insights

In today's challenging business environment, having up-to-date information on how your business, your customers, and your markets are performing is vital to support your strategic planning and processes. Atrium Insights is designed to help you monitor your portfolio performance, identify risks and opportunities, detect trends, and respond proactively to changes.

**Atrium Insights is designed to provide you with an instant view of your portfolio and enables you to:**

- monitor trends and developments in your credit risk portfolio such as average buyer ratings and risk acceptance
- get a high level overview and drill down to the deepest level of detail in just three clicks
- gain insight into your customer portfolio as well as your policy performance and non-payments
- benefit from interactive world maps to identify geographical areas of opportunity and risk
- pinpoint areas for further investigation
- be more proactive by anticipating future changes in risk cover
- export your selected data to Excel or copy the graphs to your own reports

Years tracking trends in buyer portfolio

# Making business intelligence work for you

Atrium Insights offers a range of valuable features, including a bird's-eye view of your portfolio through a business intelligence dashboard, drill-down options for detailed analysis, various filtering capabilities, and the ability to export selected data.

Atrium Insights is available to all Atradius customers. The online platform gives you access via a secure login - any time, anywhere. Special features have been built into the tool to help you tailor it to your needs.

Atrium Insights offers a comprehensive suite of features designed to enhance your understanding and management of credit risk. With the ability to view information at the highest level or drill down to the deepest detail, you can efficiently track trends and developments in your buyer portfolio for up to the last five years with daily updates. This enables you to be proactive by anticipating future changes in risk cover and identifying opportunities for growth.

## Key features of Atrium Insights enable you to...

- view information at the highest level or drill down to the deepest detail in just three clicks
- track trends and developments in your buyer portfolio for up to the last five years with daily updates
- be proactive by anticipating future changes in risk cover
- use interactive world maps to identify opportunities and clearly see areas of risk
- quickly pinpoint anomalies or areas for further investigation with our bubble graphs
- easily filter or search for the information most relevant to you
